

# PRINCIPAL AUDITOR CONTACTS 2011/12 AUDITS

(as at 21 May 2011)

Note that separate lists are available on Libro and the extranet that identify for all sectors:

- ❖ the audits undertaken and their auditors; and
- ❖ each auditor's portfolio of audits.

The principal contacts in the firms and ASG at the date of preparing this note are listed below. Due to special circumstances some auditors undertake a single audit in the Central Government sector (e.g. CJAs are central government bodies but audited by local government auditors). That situation is **not** reflected in the table below which shows the principal sectors that the auditors were originally appointed to.

For ASG the principal contacts included on this list are the ASG Directors and Assistant Directors.
